

BCRG update 22 2011, BCRG Forum Agenda, Brimbank planning fact sheet

Hi everyone,

1) BCRG Community Forum – Agenda and RSVP please

The next BCRG Community Forum is to be held Thursday, 24th November, 2011 at 6.00pm for a 6.30pm start, at the Brooklyn Community Centre, Cypress Avenue Brooklyn.

Guest speakers from Delta Demolitions and City Circle Demolition & Recycling as well as the EPA, local councils, and local community groups will make up the agenda. I will send the full agenda in due course.

And remember that you MUST RSVP to me by Friday, 18th November if you wish to attend.

The draft meeting notes from the August BCRG forum can be found on the Brooklyn website, <http://www.brooklynip.com.au/bcrg-community-forum/>.

2) Public Advertising of Planning Permit application – Brooklyn Industrial Precinct.

Brimbank City Council - The Industrial 1 Zone across the municipality exempts certain planning permit applications being publicly advertised. A fact sheet has been prepared to explain these exemptions and how it also relates to the Brooklyn Industrial Precinct. Exemptions to publicly advertising permit applications apply across the board to many Victorian municipalities with Industrial zones. The fact sheet also includes some information about buildings and works that are exempt from requiring a planning permit. Please click here to access the page with the fact sheet.
