

BCRG update 2 2012, Feb 15 BCRG meeting agenda, RSVP, City West Water fact sheet, Jones Rd drainage

08/02/12

Hi everyone,

1) BCRG Community Forum – Agenda and RSVP please

Please find attached the agenda for the next BCRG Community Forum to be held Wednesday, 15th February, 2012 at 6.00pm for a 6.30pm start, at the Brooklyn Community Centre, Cypress Avenue Brooklyn.

And remember that you **MUST RSVP** to me by Friday, 10th February if you wish to attend.

This agenda and the draft meeting notes from the November BCRG forum can be found on the Brooklyn website, <http://www.brooklynip.com.au/bcrg-community-forum/>. (There are some minor changes to the original meeting notes which are shown in red).

2) City West Water Resource Recovery Centre Concept Feasibility study

To minimise the volume and impact of wastes produced in the Brooklyn/ Laverton precinct, City West Water is investigating a concept that would, potentially, enable us to treat organic wastes to create energy, water and solids for beneficial use. A Fact sheet explaining this further is available at <http://www.brooklynip.com.au/bcrg-updates/>.

3) Jones Rd Drainage update

In an email from Adrian Ashford, Manager, Engineering Services, Brimbank City Council, 08/02/12 it was noted that ‘the drainage issues that are being experienced towards the northern end of Jones Road will soon be addressed by the construction of underground drainage in Jones Road, discharging to existing drainage at the end of Bunting Road. Tenders have closed for the \$500,000 (approx) project and works are expected to commence in March, subject to the appointment of a suitable contractor.’

4) Brooklyn Website

Remember to go to <http://www.brooklynip.com.au/bcrg-community-forum/> for past meeting notes and updates.

Andrea Mason
