Members from the community groups Brooklyn Residents Action Group and Yarraville On The Nose will be on the ABC 7.30 Report **Tonight**, 31/05/2013.

If you miss it go to [ABC iview](#) to catch up (episodes usually available for 2 weeks).

2) Maribyrnong CC Comittment to BCRG

We have only just been advised of this 2011 resolution from the office of the Director Infrastructure and Engineering, Maribyrnong City Council but we very much welcome it, regardless!

Please see the below resolution adopted by Council in August 2011 regarding its commitment to the BCRG;

COUNCIL RESOLUTION

That Council endorse:

1. Maribyrnong City Council's participation in the Brooklyn Community Reference Group Community Forum, the Brooklyn Interagency Strategic Agency Group and the proposed Brooklyn Precinct Planning Working Group.
2. The following commitment to the Brooklyn Community Reference Group Community Forum:

We will work together to ensure that your concerns and aspirations, and those of the broader community, regarding odour, noise and dust in the general Brooklyn area are reflected in the actions we take. We will provide feedback on how BCRG input influences our decisions.

3) draft Meeting Notes BCRG Community Forum 2013

62 people attended the forum and reflected on the successes and highlights for Brooklyn that have been seen since the beginning of BCRG five years ago.

The draft meeting notes from the May 15, 2013 BCRG forum can be found on the Brooklyn website, <http://www.brooklynip.com.au/bcrg-community-forum/>.

These notes contain additional information received after the meeting.
