Proposed Landscaping Area

Recover Recycle Reuse

Activities and Timeline

- > Prepare the ground (weed control using a contractor)
- > The trial day will be during August & along the flatter (safer) stretches of the planting area.
- > Report trial learnings back to community.
- > Refine the planting and project plan for the balance of the landscaping area.
- > Prepare and plant rest of embankment in Autumn / Winter 2015 and before August 2015

Planting Schedule

- > 5% *Eucalyptus camaldulensis* River Red Gum
- > 20% *Allocasuarina verticillata* Drooping Sheoak
- > 20% *Acacia implexa* Lightwood
- > 5% *Eucalyptus microcarpa* Greybox
- > 5% *Acacia mearnsii* Black Wattle
- > 15% *Acacia paradoxa* Hedge Wattle
- > 5% *Bursaria spinosa* Sweet Bursaria
- > 10% *Dodonea viscosa* Hop Bush
- > 5% *Melicytus dentatus* Tree Violet
- > 5% *Cassinia arcuata* Drooping Cassinia
- > 5% *Acacia melanoxylon* Blackwood

Specified by Ian Taylor

Community Engagement

- > Engage with stakeholders over a 4 – 6 week period
- > Have a trial planting day (up to 2 ha). We need at least 10 people to help.
- > Volunteers?
 - > Friends of Lower Kororoit Ck
 - > Residents
 - > Businesses
 - > BRAG
- > Olga Ghiri will co ordinate. Stay tuned.

Concept

“This is the type of upper storey tree structure that needs to be established on the west side of the creek.” Ian Taylor

Location : Screen planting of building vista towards landfill Eucalypt species, Lightwood and Sheoaks, Planting aged approx. 10 years
750m south of Somerville Road
Oct 23013

Improvements in 2014

- > Stages 1 & 2 Landscaping
- > The mulch / wood chip stockpile management
- > Eco chip plant
- > Perimeter monitoring
- > Sealing and front of house

Stage 1 Area

Recover Recycle Reuse

Stage 2 Area

Recover Recycle Reuse

Wood Stockpile Management

Recover Recycle Reuse

Wood Stockpile Management

Recover Recycle Reuse

Ecochip

- > Waste to energy
- > Wood waste is chipped and formed into pellets under strict quality control requirements
- > Pellets are used to fuel power / heating plants
- > Export markets identified
- > Transpacific has been trialling the system
